### **Annuitant/Continuant booklet (ET-2108):**

- Notable Plan and Program Changes page i appears differently on the web site versus the book following the bullet for Health Plans No Longer Available: SMP. *Neither is wrong.* After printing we re-worded information about SMP better convey our intent on the web site.
- The map on page A-3 in Jackson County has CN (Compcare Northwest) as underlined and bolded, meaning that it met the minimum requirements to be qualified in that county. It does not meet the criteria due to the lack of having a dentist.
- On page G-6, the comparison of State Plan types for 2007, the ambulance benefit under the Standard Plan out-of-networks says 80%. Ambulance is always paid 100%, so the out of network column should have 100% there.
- On page G-13, the Dean provider list under Grant county lists as a hospital Lancaster Memorial. This should read Grant Regional Health Center instead.
- On page G-37, the SMP provider list has a number of issues. Please view the attached link for the correct page.
